

THE WONDER OF CHRISTMAS

seasonal "In-School" performance/
presentation for the

**Nursery - Reception - KS1 and KS2 in fact
the whole school !!!**

***Each year 25 - 30 schools enjoy this show - Book early to avoid
disappointment***

In a perfect world the children would enjoy a real visit to the theatre but these days the logistics of such a venture can be a nightmare. With this in mind "The Wonder Of Christmas" attempts to re-create the atmosphere using a **PA System and Ultra-violet lighting**.

The focal point of the show is, of course, the **Christmas message** with the nativity story underscored with original music and many of the more popular carols.

In addition to this there are several **Giant Christmas cards** painted "Rolf Harris fashion" in UV paint, created at intervals during the show. (This always provokes the "Ooooooh!! factor").

Fun! Cheers! And Christmas Puds! As the children take-on the teaching staff in a Seasonal Quiz.!!! It'll be a close finish but my money is on the children winning.

Break-out the "air guitars" as we "boogie on" to a rock 'n roll Christmas.

In primary schools, immediately after the show, **year six** are invited to stay back for a few minutes to look at some of the simple electronic circuitry involved in the operation of Animatronic Santa! Something they'll be covering during that school year.

All this and much much more!

Morning Performance

Arrive 8.30 - set-up and ready to go by 9.30. Interval at 10.20. Re-commence at about 10.40. Finish the show at about 11.20 in time to vacate the hall by 11.40 (Time can vary to suit the school's needs)

Afternoon Performance

Arrive 12.30-12.45 - set-up and ready to go by 1.30 - 1.45. (Please note there is no interval during the afternoon show.) Finish the show at about 3pm.
